

Make a Nest

Inspired by *Under the Tree*

Inspiration:

Pea escapes her noisy city home to find a quiet spot under a tree where she meets the bugs, birds, and other creatures that call the tree home. Today we will make our own nest at home!

How To:

1. What kind of nest will you make? Soft? Deep? Colorful? Cozy?
2. Gather materials from around your home for your nest.
3. Decide on just the right spot for your nest.
4. Work together to build a cozy nest where you can both fit.
5. Listen to the audio track of bird sounds and imagine that you are outside. What sounds can you hear?
6. What kind of activities will you do in your nest? Eat? Chat? Practice flying? Sleep?

Connect:

0-2 Years:

Use soft blankets, pillows and stuffies to make your nest and practice getting in and out.

2-5 Years:

Take a walk around your block to collect twigs, leaves, and other natural materials to add to your nest.

What did you come up with?
Share your nest with us!
