What happens when we go to sleep?

Wink is an imaginative and multi-disciplinary performance that explores the world of dreams based on the perspective of a young girl and her bear.

Blending shadow puppetry, physical theatre, and animation, this unique show is a captivating journey

designed to engage and inspire the very youngest audience members.

Inspired by the classic poem, "Wynken, Blynken, and Nod", *Wink* transforms a bedroom into a dreamy world full of surprises.

★
