

SPELLBOUND*THEATRE

WORKSHOP AND RESIDENCY PROGRAM

Bring Spellbound Theater into your classroom! Through our unique workshop and residency programs we bring our art and play based practices into your school. Our classes, which are rooted in storytelling and creative play, give the students a chance to engage with exciting material in an open ended way.

POST-PERFORMANCE WORKSHOPS

Deepen the experience from our pop-up shows with a workshop exploring the theme of the performance! These 1 or 3 session workshops give your students a chance to interact with puppets and materials from the show in addition to crafting an object that will support the continuation of the play experience.

Up and Down Again

Become a construction worker

One 45 min workshop - Students interact with the tactile sand and the magnetic building blocks from the show while working together as constructions workers.

Three 45 min workshops - Now it is time to construct our own crane! With PVC tubes and tape the children craft their individual cranes and help each other move around objects in their own construction landscape.

Grow!

Plant your own magical garden

One 45 min workshop - Re-experience the story from the show! Using our bodies and voices we will create the 4 seasons that made the little seed grow into an apple tree.

Three 45 min workshops - Plant something special and see what grows! Using wires, paper, tape and gems we will craft our own magical plant.

A Book of Hours

Make a personal pop-up book

One 45 min workshop - Together we will act out the nursery rhymes and the daily events from the show. Maybe some of the old woman's children are even hiding in *your* classroom!

Three 45 min workshops - Through imaginative play we will explore the daily routines of the class and find out which fun events will end up in their own, hand crafted pop-up book.

STAND CLEAR OF THE
CLOSING DOORS, PLEASE!

Stand Clear of the Closing Doors, Please

Create your own subway adventure

One 45 min workshop - With the help of the props from the show we will go on our own subway adventure looking for Catbear.

Three 45 min workshops - The children will make subway tape maps on the floor and craft their own subway cars, setting the stage for an unexpected subway journey for Catbear.

SPELLBOUND*THEATRE

SIGNATURE WORKSHOPS

Book one of our 3 signature Spellbound Theatre workshops and experience a unique take on storytelling and puppetry specifically designed for ages 2-5. Each theme can be explored during 1-5 sessions.

SHADOW AND LIGHT PLAY

Students will meet characters created out of lights, shadows, and puppets, and experiment with how to make shadow characters of their own. We will utilize body shadows, hand shadows, and puppets created by each student out of paper, fabric, and other exciting materials that transform in a world of shadow. Inspired by the story of "Wynken, Blynken, and Nod", the workshop will inspire creative play and storytelling using very simple materials.

PUPPETS, PUPPETS, PUPPETS!

Popsicle puppets, paper bag puppets, stick puppets, clay puppets and object puppetry! In this workshop we build on the fascination and joy that young children have for puppets. Through stories, creative play and movement we will explore original characters and use simple and recycled material to craft our own puppets.

JUMP, RUN AND ROLL A STORY!

This workshop is all about stories and movement. We will tell stories together that involve jumping, rolling, climbing, and lots of other kinesthetic movement vocabulary. Movement and storytelling will help us overcome obstacles, solve problems, and imagine that we are in a whole new place. Students will practice moving as a group and creating a story together.
